

Affinity Groups

Experience the MMA sisterhood
through circles of support
formed around
a shared identity!

When: Meetings are held during Blue/Gold community time or on MMA Connect days as scheduled by student leaders, moderators, and participants.

Affinity Groups are spaces of affirmation and empowerment where students with shared identities come together in a circle of support to connect with others who have common experiences and encourage one another in navigating any challenges associated with their shared identity. Some Affinity Groups may also have associated clubs that meet more regularly, do outreach projects, or contribute to school-wide assemblies.
