Re: Ethnicity Report

Every year Merion Mercy Academy is required to provide data to the National Association of Independent Schools (NAIS), the Association of Delaware Valley Independent Schools (ADVIS), and the Pennsylvania Department of Education on the composition of our student body by ethnicity. To comply with these requests we have found ourselves in a position of having to make determinations regarding our students' ethnicities. We feel it is more appropriate that you provide this information. It will also help us to understand more completely the families in our school as we work to make Merion Mercy Academy a welcoming and inclusive environment.

Please complete the bottom portion of this letter and return it to the Main Office no later than Friday, September 7, 2018.

Thank you for your assistance.

Using the definitions on the back of this page, please indicate below how you wish Merion Mercy Academy to identify your child(ren)'s ethnic heritage.
